

Panel Name: **Sharing Data across the Commonwealth**

**Speakers:**

- **Harry Colestock**, WebEOC
- **Steve Ennis**, Virginia Hospital & Healthcare Association
- **Roddy Moscoso**, CapWIN
- **Ashley Baker**, Disaster Management Program

**Question and Answer Session:**

**Q: How much does WebEOC cost for localities?**

**A:** About \$50,000 to create a new system, but you can piggyback on the state system. Also, the Disaster Management Program from the Department of Homeland Security offers a simple free system that a locality can test out.

**Q: Can the localities get a vision of a situation or is it only for state officials?**

**A:** Localities can also get the information.

**Comment/Announcement:** There is a National Capitol Region exercise on pandemic flu and both WebEOC's will be used.
